and sold their crafts and demonstrated their arts and skills. Photos (clockwise from top left) - Maggie Duff weaves at her hand loom as Festival chairman Sally Jones admires the work. Center - Aya Christine Hoshi of Tokyo, Japan, clad in colorful kimono, tops off her hot dog with ice cream as she enjoyed the activity around her. Aya, granddaughter of Mr. and Mrs. Joseph E. Rochette of Mattapoisett, is a summer visitor on her first visit to the United States accompanied by her mother. Top right - Gota Gilbert, who originates from Sweden and now of New Bedford, shows a talent for whimsy in solid rock. Gota's rock figures have an amusing style about them. Bottom right - Fred Montague works on an Appalachian Dulcimer, an instrument which is native American. Mr. Montague of Tewksbury, Mass. crafts various varieties of Dulcimer instruments which are the ancient ancestor of the piano. Bottom center - Mrs. Peg McIntyre displays bouquets of exquisite beauty all made of colored shells from beaches around the globe. Mrs. McIntyre learned the art in Florida and is assisted by her husband who searches the beaches of Florida for perfect specimens and digs the tidal flats for others. The flowers are glued to together from hundreds of natural colored shells. Bottom left - Ray Cabral, local leather craftsman, draws some very interested spectators as he fashions a leather knife holster on his anvil.

In the first race, Harvey Pentleton in Swamp Fox won the starting duel and held the advantage throughout. When the eight Beetle Cats crossed the finish line, it was Swamp Fox first, Jim Broadwater in Agamemnon, second; and J. K. Baylow's Firefly, third.

As the afternoon wore on, the wind and sea began to increase in intensity. In the second race three boats did not start; there was one DNF and the report of a cracked mast.

But the four remaining skippers battled it out, drenched though they inevitably became. Again, Harvey Pentleton in Swamp Fox took the lead, winning by 27 seconds. David Jenney's Ariel in second place bested Jim Broadwater's Agamemnon by 33 seconds.

#### FOURTH OF JULY SPECIAL RACES

The Fourth of July Special Races on Sunday, July 4th, provided a full day of activities at MYC, with five classes competing. The slate of winners included Jimmy Broadwater, Anne Donald, Laurie Jenney, Tom Murray and again Jimmy Broadwater.

A light NE wind under 10 miles prevailed throughout the morning.

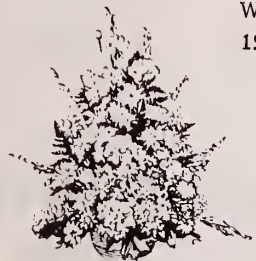

The 10:15 starting gun sent the Lasers on their way. Jim Broadwater was the victor. Toby Burr took second honors, Mike Harrington.

ton third. Then came the Herreshoffs headed by Ann Donald. The Ladies' Beetle Race concluded the morning schedule, Laurie Jenney's Ariel topping Joan Cornish at the helm of Swamp Fox.

As the time for the afternoon race neared, the sky became menacingly dark and distant thunder rumbled a warning, but fortunately the storm held off and the races proceeded on schedule. The wind had picked up considerably, however.

The division of five Corinthians started the afternoon program and proved to be a well matched fleet. Tom Murray's Galway Bay outsailed both Russell Bailey's Misty and Lee Estes' Ale-Mar, but only by seconds!

Next at the line were the seven Beetle Cats, ready again for lively maneuvering throughout the course. Before long Jim Broadwater in Agamemnon broke away and continued out front the rest of the way. Harvey Pen- tleton's Swamp Fox and Dave Jenney's Ariel trailed in that order.

# We like house calls

Is your house feeling a bit under the weather? Homes do occasionally. Plumbing gets indigestion, washing machines get hiccups and teenage electric systems behave as shockingly as attics with growing pains. The little bugs they come down with (like termites) or the colds they catch from furnace fatigue make them pretty tough to live with.

Fairhaven Savings has the cure to fix them up in a hurry. Money — a low cost home improvement loan. We're specialists in financing home remedies whether they call for major surgery or just a couple of vitamin pills. Call the specialists.

## One Man - One Vote

TIME FOR A REORGANIZATION

Editorial - D.C.J.

Since the Old Rochester Regional School system was formed there has been tremendous growth of that corporation paralleled by an increasing gap in the population of the members upon which the support of the system is drawn. The member towns' growth was not the same. In every business corporation, when you buy a majority share, you vote in that proportion. Old Rochester is big business. The school budget is the major expense of the towns overshadowing the money spent for all other services and requiring the largest proportion of the property tax. This is certainly a corporation of large dimension, yet the vote of each member town is equal. This does not represent the financial investment that

must be made yearly to run, build and equip this plant. No business could be run in this manner. In recognition of this fact, and supported by the one man, one vote ruling of the courts, the Old Rochester School Committee has been petitioned by private taxpayers of Mattapoisett to request a reorganization to conform to population figures upon which regional financial contribution is based. It is past time for this move. If, in the future, either Marion or Rochester should experience a growth which would make them the major supporter or even change their percentage of contribution then it would be strange indeed if they did not desire automatic reorganization to recognize and to implement the one man, one

vote ruling. It would not only be strange but it might even be viewed as a disservice by the School Committee of the affected town to the voters they represent.

The fact is this. This is a business proposition of complete justification and has precedent throughout our private business sector. If a corporation of the size and value of Old Rochester Regional School District is not to be run in a businesslike manner, it is mismanaged. It is to the advantage of every stockholder and that means every homeowner in Marion, Rochester and Mattapoisett to be represented according to its financial interest. This is good management. We cannot afford anything less.

We certainly trust that the members of the Old Rochester Regional School Committee will move swiftly to reorganize and put the business of the region on a solid footing according to law. It is to everyone's advantage both now and in the future.

In addition to the over 1500 visits made by the nurses in the past year we have held 11 Well-Child Clinics and a free Blood Pressure Clinic was held on May 18th. and The Sound, last exhibited at the Art Center three years ago. "I see my principle function as a marine photographer. I am not a great artist telling a story for the future. I am a recorder." Mr. Fortier's marine seascapes are of boats, harbors, and street scenes. "I see myself making large postcards."

This three week exhibit will be a collection of watercolors. There will be no photographs.

Mr. Fortier observed, "I'd rather paint these area scenes than take pictures." He is a man who paints from his love of the harbor-life. This exhibit is a rare opportunity to see a 'recorder' who has developed the 'large seascape postcard'.

The Marion Art Center is open daily from 1 until 5 P.M. except Mondays.

## Scouts Take Over Recycling

### RECYCLING COMMITTEE

The Mattapoisett Recycling Committee, having accomplished its goal of starting a local recycling base, has disbanded and turned the project over to the local Boy Scout group.

The center was able to begin operation in January of 1975, with the contributions of many townspeople. The majority of money was collected in glass jars throughout the town and in one dollar donations.

Since last September the center collected and sold three large bins of clear and colored glass, netting \$150. Previously, the glass had been given away just to recycle it. The aluminum was sorted by the Boy Scouts and sold by committee members to Reynolds Aluminum, netting well over \$50.

The Boy Scout troop received approximately \$150. in exchange for their commitment to continue the success of the center. An additional \$50. was donated to the local chapter of the Girl Scouts.

The committee wishes to thank all the generous ecologists without whom the idea would still be only that. Even more importantly, at this stage, we wish to thank those who see the usefulness and necessity of such a project and continue recycling their materials. You are all urged to continue frequenting the center, which needs the participation of all to remain a success. This is, after all, only the beginning.

### JUNIOR GRANGE

The worthy matron of the Mattapoisett Junior Grange called for the second meeting Tuesday, the 29th of June, and again no quorum. Children had been invited to join so the membership could continue. In this article may we point out the advantages of this Junior Grange training, plus the adults' help, including the parents.

The Junior Grange is America's first and one of the finest youth movements, a training school for boys and girls, a fraternal organization - develops a spirit of cooperation and concern for others; teaches respect for God and country, a training center for future leaders. It develops responsibility, self-confidence, leadership, mental alertness, cooperation, initiative, citizenship. It includes business training, parliamentary procedure, ritualism, state and national contests, handcrafts, community services and recreation.

Any girl or boy, age 5-14, is eligible to belong. Mattapoisett is only one of the towns in the State and nation who has had a part of the growing up of many men and women holding important positions in our town,

We'd appreciate a call for large parties.

state and national capitols. In working as a Deputy, Superintendent and special Deputy of the Mass. State Grange, Junior Department, for sixteen years, I found that our little town of Mattapoisett was close to the top in producing some fine men and women in the 41 years of activity and training; all this through the patience, hard work and time given by the many, many Grange members who have served as matrons, patrons and assistants. Right now we need help to continue. Our leaders must be members of the Grange and Mattapoisett Subordinate Grange needs you too. Just ask our Master Dennis Sylvia for an application or our Matron Jeanette Hubbard for a Junior application for your boy or girl. Right now Mattapoisett Junior Grange is the oldest in the State of Mass. Let's keep it that way.

The matron is calling another meeting for Friday, July 30, at 9:30 A.M. This for all members of the Junior Grange and any boy or girl who wish to join.

"Article 40 - To see if the Town will vote to instruct the Selectmen to appoint the Wharf Commissioner as Harbor Master and raise and appropriate or otherwise provide a sum of Fifty (\$50) Dollars for the use of said Harbor Master." Yes - 46 No - 0

This vote by the people has been respected for 25 years. However, this year it has been ignored by our Board of Selectmen. We believe an explanation is in order.

Now comes a new rule proposed by the Board of Selectmen which I believe is discriminatory and so cannot be enforced. Inasmuch as State money has been spent on our wharves, we cannot discriminate against out-of-towners. If one pays, all pay.

Further, the wharf rules voted at a Special Town Meeting on March 7, 1955, see page 137 of Town Report, in Rule #9 states "In the event of any matter arising not covered by these rates and regulations, the Commissioner and the Selectmen acting jointly shall decide the question and their decision shall be bind-

We elected a Wharf Commissioner and it is his job to run the wharf as he sees fit. Let's let him do it.
